# Workforce Innovations Programme

## Neuro Workforce Development Event

*Tuesday 1st December 2009*

Mount Oswald Manor & Golf Course,  
South Road,  
Durham City,  
DH1 3TQ

**9:30 – 12:30 Information Session**

**12:30 – 13:30 Professional Networking over Lunch**

**You are invited to this event** to find out about the latest regional workforce developments. This will include progress with the Workforce Innovations Programme: recruitment of the Co-ordinator, progress with recruiting Mentors and Mentees, programme start, and the development of local Neuro Forums.

There will also be an opportunity to share your own news of other regional workforce developments and strengthen knowledge of who is doing what locally. So please bring information on new posts, new services, new training etc.

Finally, there will some time to work together to explore how to support professionals to develop business cases.
